THE ORGANIC STRAIGHTENING TREATMENT

Diana Golden Professional with Gold Protein

now available in your salon

GOLDEN WHAT IS THE GOLDEN PROFESSIONAL TREATMENT?

The formula of the Golden Protein treatment is developed with the beneficial properties of coconut oil and panthenol that interact with the cysteine in the hair, filling in porosities (gaps in the cuticle) with proteins and amino acids. Luxiourous and safe composition straighten, repairs and hydrates the hair from the first treatment, giving your hair a deep shine and flexibility. The effects of straightened and regenerated hair last 4 – 6 months (it depends on the hair condition, type and post-treatment care).

The additional benefits of the Golden Professional:

- Does not reduce the hair volume
- Cools blondes by reducing yellow tones
- Does not contain carbocysteine, formaldehyde and its derivatives
- Does not change the colour of natural hair
- Safe in pregnancy and lactation
- Does not irritate the eyes and respiratory system
